

When performing a contact search all directories except third-party directories are searched by default. In order to include third party directories in the contact search you must press ENTER or click the search button . When displaying search results Unity will display each number in a separate line, even if it is for the same contact, as shown below.

User Status	Directories	Call Logs	My status: available in office
Directory name	Personal directory	<input type="text" value="thr"/>	
Name	Phone Number		
Ed Thrussell	1247		
Ed Thrussell (direct number)	02082881247		
Ed Thrussell (mobile)	07919594395		
Sticks & Stones Bathroom	02089778855
